PROFESSIONAL SUMMARY

An aspiring Software Developer with strong teamwork skills and a passion for coding, adept at bringing ideas to life. Proactively explores new technologies to stay updated with industry advancements.

EDUCATION

GLS University	2023-2025
Master of Computer Applications (MCA)	CGPA: 8.3
GLS University	2020-2023
Bachelor of Computer Applications (BCA)	CGPA: 8.44

EXPERIENCE

Lemtoj Infotech	Jan 2025 - Present
Software Development Engineer	

- Developed, tested, and maintained scalable web applications using React and Node.js, ensuring high performance, security, and reliability.
- Designed and optimized database schemas and queries with SQL and NoSQL, enhancing efficiency, scalability, and data integrity.

SKILLS

Programming Languages:	Java, C, Python, Javascript, PHP
Development/Frameworks:	React, Angular, Express.js, Node.js
Databases:	MongoDB, MySql
Tools:	Android Studio, Git, Github

PROJECTS

NFT Bazaar

- Developed an innovative NFT marketplace utilizing the MERN stack for buying, selling, and auctioning NFTs.
- Integrated Solidity for connecting to the blockchain, enabling secure and decentralized transactions within the NFT marketplace.
- **Technology Used:** React, Express.js, Node.js, MongoDB, Tailwind CSS, Pinata IPFS

Travel Buddy

- Developed Travel Buddy, an Android application enabling users to seamlessly book hotel accommodations, train tickets, flights, and bus tickets for convenient travel planning and management.
- Integrated the OpenAI API to enhance Travel Buddy with advanced capabilities for handling travel-related queries
- **Technology Used:** Java, Express.js, Node.js, MongoDB, OpenAI API

Student Life Cycle Management System

- Developed a application where students seamlessly manage and access attendance records, academic marks, eBook resources, and fee payment functionalities within a unified platform.
- Integrated platform allowing students to engage in real-time chat interactions with alumni, fostering mentorship and knowledge-sharing opportunities.
- **Technology Used:** React, Express.js, Node.js, MongoDB

ACHIEVEMENTS

- **Regional Round Winner** and **Final Round Participant** in SSIP 2022
- Achieved Microsoft **AI-900 Certification**, demonstrating expertise in foundational AI concepts and Microsoft Azure AI services.
